

Good news everybody can support us in their own way!

One of the best ways is to create a Google Review for Diamond Books.

[Stories about Jesus, Creation Stories for Kids | Diamond Books](#)

Most people with an iPhone or Android device are able to leave a Google review with minimum hassle.

Step 1) Check if you have a Google account:

Not sure if you have an account with Google? No problem, you can type any of your email addresses **you might think is linked to Google, right into their account page** – remember pretty much any of Googles services or products result in you having a google account, even if you didn't realise it.

<https://myaccount.google.com/>

It will tell you right away if they recognise the address or not if they recognise the address: You have a google account

<https://www.google.co.uk/accounts/>

One account. All of Google.

Sign in with your Google Account

If your email address is recognised, simply sign in, or reset your password. Congratulations, you have a google account!

If your email address is not recognised, unfortunately, you do not have a Google account, but **feel free to make one here**. <https://accounts.google.com/signup>

Step 2) What device do you want to leave a review with?

Pick one of the following devices for instructions on how to leave a review:

Desktop

1. Open an internet browser (such as Chrome, Safari, Internet Explorer, Firefox, etc – We would recommend Google Chrome)
2. [diamondbookswirral - Google Search](#)

Simply select your star rating, and leave a review

If you don't use the link in step 2, just type into google "Business name" + "Location" – which in this case would be "Beauty and Bloom Mayfair" – and click the reviews box.

That's it, you're done!

If you saw this!

You're going to need to sign in or go back to step 1. Alternatively sign up for a [Google account here](#)

Android Smartphone/Android tablet

1. Open an internet browser on your phone (Chrome, Dolphin, Firefox, Opera, etc – We would recommend Google Chrome)
2. [diamondbookswirral - Google Search](#)

Simply select your star rating, and leave a review

If you don't use the link in step 2, just go to google in a browser and tap in: "Business name" + "Location" – which in this case would be "Diamond Books Wirral" – and click the reviews box, which is generally just below the bottom of what you can see when you tap it in:

And that's it, congratulations on leaving a review!

Apple iPhone/Apple iPad

1. Open an internet browser on your phone (Chrome, Safari, etc – We would recommend Google Chrome)
2. [diamondbookswirral - Google Search](#)

Simply select your star rating, and leave a review

If you don't use the link in step 2, just go to google in a browser and tap in: "Business name" + "Location" – which in this case would be "Diamond Books + Wirral – and click the reviews box, which is generally just below the bottom of what you can see when you tap it in:

If you are unable to leave a review, please go back to step 1, or sign up for a google account
